# Fun & Games

**101 Fight-the-Winter blahs with Game Night!**

**Date:** 2/24/2012

One evening of scintillating company and games with Rosemary and Bryan. We'll provide game-night snacks and teach you one or both of our favorite games: \* BANG! - a hilarious parody of the old spaghetti westerns, where how you win depends on whether you are the sheriff, a deputy, an outlaw, or a renegade! or \* CARCASSONNE, a visually delightful and clever tile-laying game. The southern French city of Carcassonne is famous for its unique Roman and Medieval fortifications. Players develop the area around Carcassonne and deploy their followers on the roads, in the cities, in the cloisters, and the fields. The skill of the players to best develop the area, along with some luck in avoiding fickle princesses and a hungry dragon, will determine who is victorious. 6:00 p.m. Friday Feb 24th. Snow date can be rescheduled by all as needed. 5 winners.

**105 Storytelling Party!**

**Date:** TBA

The host (winning bidders) will arrange a date with donor, and then invites friends to come to dinner with a story and a covered dish. Upon arrival, each guest will receive a number. After communing with food, the group settles in for storytelling. The storyteller (Guerry) shares stories and tips with the group and draws a number for each teller. Some may prefer to pass on the first round, but my experience is that by the end of the party, everyone tells. This makes for a wonderful community and friendship building activity and guests go away with a feeling something special happened at the gathering.

## Appendix

# Procedures for Bidding

**When you bid on any item or service you are committing to pay for that item or service if you are the winning bidder.**

When you arrive, you will be given a bidding number for you or your family and a card with your bidding ID printed on it. Keep track of this number: you will use it (not your name) to place bids on silent auction items, and when bidding on live auction features. Everything will be tracked by your bidder number. All items being auctioned will have an ID number tied to it, and will be tracked by that number as well. There are no duplicate numbers.

For your convenience, on the back of the bid card are spaces for you to jot down any items you have definitely won. This is for your convenience and backup.

### Proxy Bidding

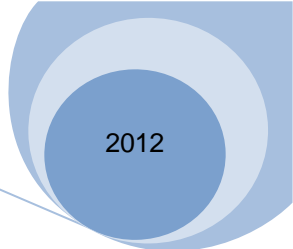

- While we really hope everyone will attend and joining in the fun, we understand there may be a scheduling conflict. You can bid by proxy. We will have several proxy volunteers who will attend and bid on your behalf.
- You must contact the Auction coordinator, Rosemary K., by or **before** Saturday November 12th, 10 a.m. with your wish list and maximum allowed bid. The amount will be kept confidential to the proxy bidder only, and that proxy bidder will attempt to win the item for you. If the bidding goes up higher than your maximum, you won't win the item, but of course, you might just be the lucky bidder.
- Also, some items may have a Buy It Now Guaranteed Price assigned, which will be shown in the catalog. If that service or item is a must-have for you, you can bid the Guaranteed price and it is sold to you.
- If you win a physical item by proxy bid, we can arrange to hold a physical item for you until the next day (Sunday) or following Sunday for you to pick up.

### Buy it Immediately - Guaranteed Price

This year, we will test the concept of Guaranteed Price. Some Auction items will have a Guaranteed price, determined by the Auction Team. If there is an item you simply must have, and it has a Guaranteed price, you can outbid all others by bidding on the Guaranteed price. You can do this in advance of the Auction, or if there, on the night of the auction. Once a Guaranteed Price is purchased, no one else can bid – you win it without competing bidders.

### Multiple Item Buy It Now

Some Multiple Item options may be sold as is, via “Buy It Now” for a set price: a larger class with quite a few spaces available, or many items such as t-shirts. The price listed on the form for everyone is “what you see is what you get.” You aren’t bidding it up, just buying it straight up. First come, first served until all spaces are sold or the silent auction period ends.

**Multiple Item Bidding – Silent Auction**

Below is a new system that will be in place for many of the multiple winner Silent Auction items. **Please** take a moment to read over this system. Our Silent Auction team will circulate during the Silent Auction bidding periods and help you with this new system.

Often, more than one of an item is available. An excellent example is the dinners and events offered by donors where up to 8 people may be allowed to bid for an item. Just keep these two rules in mind:

- The highest bidder on an item wins.
  - In case of a tie, the EARLIEST bid wins.
- For example, if there is a tie, the person writing their bidder number in the third column will win out over the person writing their number in the fourth column. Let’s use an example of a dinner for 6 people. The bidding sheet on the table will look a bit like this:

Price	Column 1	Column 2	Column 3	Column 4	Column 5	Column 6
18	21	22	17	29	15	48
20	127	36				
22	142	56	56			

- If bidding were stopped at this point, the six bidders awarded spaces at the table would be those outlined above, and it would have been figured out this way:
  - Bidders 142 and 56 have 3 slots because they bid the most.
  - Bidders 127 and 36 bid the next highest amounts.
  - We need one more bidder, so the first one who bid \$18 gets it—Bidder 21 bid that amount **first**, so he/she wins the item.

Many people would have said that bidder 48 would have gotten the \$18 slot, but remember rule number 2-*IN A CASE OF A TIE, THE EARLIEST BID WINS.*

The moral of the story is CHECK ITEMS YOU’RE INTERESTED IN DURING THE EVENING TO SEE WHETHER YOU NEED TO RAISE YOUR BID! There is NO limit to how many times you may bid on an item.

# Payment and Follow Up Procedures

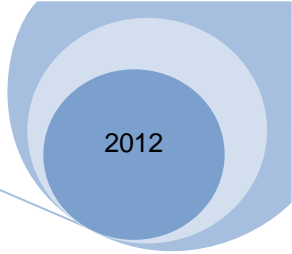

- Please pay with cash, or checks made out to HVUUC. We are not setup to process credit cards.
- The last fifteen-twenty minutes of the evening will be devoted to checkout, along with a special appeal. We aim to make check out as quick and fluid as possible.
- If you win a proxy bid, or an emergency dictates you must leave prior to the checkout table opening up, we will send an email indicating how much you won and the total owed. This will service as an invoice, which you must arrange to pay HVUUC within a reasonable period.
- During the night, all wins will be logged electronically. At the final phase of the night, your winnings will be printed up by your **Bid Number**, listing what you won and amount for each item, and the sum. (This will not include any special appeal donations).
- NOTE: Your Auction Team will NOT have time to tell donors who won their dinners/services that night. However...

## **Communication and accuracy is a very high priority for your Auction Team.**

After the auction, your Auction Team will contact you within one week by email (or snail mail if you don't have email). We will notify:

- A) every bidder of his or her winnings, and
- B) every donor of a service or class needing to be scheduled of who won that service and their contact email or phone number. This includes contacting all parties for any physical item that is 'to be delivered'.
- c) We will not notify donors of physical items sold that were taken home that night.

In addition, you can keep your catalog, or reference it on line, to remind yourself of what an item is based on its ITEM ID number. And finally, for a backup, all records will be kept by the church secretary in the church office. If at any time you forgot your wining services or lost an email about who won your service or item, **you can contact the [Office@Hvuuc.org](mailto:Office@Hvuuc.org)**, or call 423-477-7661. (All information was in the church office for the 2010 service auction, too).
